

## Recycling during the Holidays!

Merry Christmas and a Happy New Year!

During the holiday season, large amounts of trash and recyclables are generated at our homes. Here are some friendly recycling tips to make your cleanup easier:

- In the effort to save space, please break down your cardboard boxes and place underneath your recycling bin.
- All containers must be clean. Labels and lids are can be left on the container.
- High winds cause havoc with materials in the recycling bin. Please do not set the recycling bin out if the wind speeds are high. Save it to the following week.

Listed below are the items that are NOT part of the recycling program during holiday time and should be put in your trash container:

- Styrofoam
- Gift wrap , tissue paper, and bows
- Anything off the Christmas tree
- Bubble wrap
- Plastic bags
